Date	Task	Time involved	Team member responsible (student initials)	Comments
1. 10/16	Started the design of ImPeckable (homepage, appetizers) Reference page (google sites) was updated as we designed the website	2 hours	MM, RW	The design was made in Google Sites, and it was then transfered to VS Code. This is also when we started organizing our group in general.
2. 10/18	Added images and changed some fonts for more visually appealing aspects	45 minutes	AN, SA	Placeholder images were added. We had text but no images, so it looked like an essay and was bland. Needed to spice things up.
3. 10/26-10/27	Worked hard to add much more text, formatting and pages.	3 hours	Everyone	Everyone total spent 3 hours over 2 days. We created the About Us and refined the design of menu pages.
4. 10/28-11/13, 11/13	Added small updates to the first version In-House SLC presentations	5 hours 1 hour	Everyone	Last minute touches were short updates over a long period of time. We made the reference page and checked over the copyright.
5. 11/23	Started to add more ideas to the second version, such as customizable dishes as well as more options.	25 minutes	RP, SA, AN	We started the design of ImPeckable (homepage, appetizers) Reference page (google sites) was updated as we designed the website. This idea was inspired by other dining services and members' experiences.
6. 11/27	Started to plan code for a functioning version; today the homepage was started.	30 minutes	MM, RW	We started the design of ImPeckable (homepage, appetizers) Reference page (google sites) was updated as we designed the website Homepage was started but not completed.
